Diagnostic Pathology: Gastrointestinal By Joel K Greenson

Part of the highly regarded Diagnostic Pathology series, this updated volume by Joel K. Greenson, MD, is a **visually stunning, easy-to-use reference** covering all aspects of gastrointestinal pathology. Outstanding images – including gross pathology, a wide range of pathology stains, and detailed medical illustrations – make this an **invaluable diagnostic aid** for every practicing pathologist, resident, or fellow.

- **Time-saving reference features** include bulleted text, a variety of test data tables, key facts in each chapter, annotated images, and an extensive index.
- **Packed with even more high-resolution images** than the previous edition – more than 2,500 in all – depicting virtually any GI specimen you're likely to see.
- **Thoroughly updated content**, including new information on drug-induced GI diseases such as olmesartan enteropathy, molecular testing in GI cancers, familial cancer syndromes in the GI tract, and the molecular biology of GI tract tumors as it relates to precision medicine and targeted therapy.

Editorial Review

Review

"This is an all-around outstanding resource for general or gastrointestinal pathologists or pathology residents. It does a phenomenal job of highlighting the key diagnostic features for quick review for practicing pathologists and serves as a concise review for board preparation. The pictures are appropriately sized, clear, and with exceptional annotations and labeling to assist in both practical diagnostic and studying purposes. The expanded discussions are succinct yet informative. The unique "diagnostic checklist" section is an excellent attribute not seen in other books. This book is an excellent resource for day-to-day practice as well as for training. It is recommended for both general and specialized pathologists of any experience level." **Reviewed by** Erin E Quist, MD, University of Nebraska Medical Center (Doody's Review Service)

Users Review

From reader reviews:

Ruth Beasley:

Have you spare time for just a day? What do you do when you have a lot more or little spare time? That's why, you can choose the suitable activity intended for spend your time.
