"So far the best books I've seen for self study seem to be King and Yeon's Elementary Korean. They come with CD's the workbook comes with an answer key, they get great reviews, and in general, they should serve you well for taking you through the basics on your own." —*Fluentforever.com blog*

"The explanations of grammar are very easy to understand and very thorough. The vocabulary lists are very good as well. I just highly recommend these books because they are very easy to understand, nice hardback books with a good binding, include an audio cd, and also present good vocabulary and grammar." —*Learnkoreanlanguage.com blog*

"Comes with CD and the beginning hits you with the basics: simple phrases and hangul. Each lesson builds upon the grammar you've learned in the previous lesson so it's not hard. Well organized and easy to get through." —*Linguajunkie.com blog*

"The layout makes for a digestible read; each chapter begins with a dialogue and vocabulary list, followed by grammar points and exercises. The chapters are spattered with side notes that warn about common mistakes and caveats in a given lesson. I also have the accompanying workbook, which gives a lot of good practice." —*Goodreads*
