### **Editorial Review**

#### Review

Within the Racing Rules of Sailing can be found Appendix D: Team Racing Rules. Seeing this supplement in the laws governing the sport belies its very informal beginnings in small, regional, mostly inland sailing clubs, notably in the UK, whose members conceived of new ways to make yacht racing interesting and fun. From the basic idea of teams of boats working in concert, victory to the team with lowest sum of points in a match, new tactics appeared and modifications to rules adopted to accommodate moves which added to the interest and spectacle. The rules of this variant form of racing in sailing craft owes then, not only to the principles of fairness and good order but also to the ingenuity of competitors who unceasingly invent and discover new ways to wrest victory from an apparently hopeless position; within a rules framework that has been found flexible enough to support such creativity.

This book was a collaboration at a distance between the writer and illustrator, challenging the descriptive powers of both as to intent and purports. A proffered illustration to a concept frequently suggested possibilities not intended or considered by the writer but subsequently adopted to good effect. Likewise, a misapprehension on the illustrator's part as to the writer's intent could suggest ideas for further scenarios, some of which were added to the book's scope. Our hope is that the material contained in our book is as eloquent for what is suggested as for what is fully discussed, as to the ways boats might manoeuvre against the opposition to turn the tables, just when some might think the stranglehold was complete.

If formal teams racing competitions have declined somewhat perhaps now is the time it might return to its roots: low key, casual arrangements between or within local clubs, on confined waterways observable to spectators; for fun and to stimulate development of tactics and rules familiarity, as well as the boat handling skills that give expression to them and are as thrilling to watch as to perform.
