A Forbidden Love: A Bear Shifter Paranormal Romance (Bear Mountain Series, Book 2) By Mary Phisher

Bear Mountain Series, Book 2 + Two Bonus Ebooks

We are back with the Taylor brothers, but this time it's Jack. He's in love with Rosie Crimson but they can't be together because their families would not approve. They refuse to let that get in between them as they are mates and want to be together, but when Jack gets shot by Rosie's brothers they realize it can never happen as long as they live in Belleville.

They start making plans to run away after graduation, hoping that if they can show their families they truly love each other they will be more accepting. They have no idea they are leaving their families in panic and chaos.

Out on the road, with limited funds and no real place to go, will the fact they are mates be important enough for them to stay together or will they want to return home and find love elsewhere?
