The universe you live in works very much like a popular restaurant. You go in, you decide what you want, you order it, you receive it, and you digest it.

Unfortunately, a lot of people don't seem to know how to order. Some are downright inept at it. They walk into this restaurant, behave like complete idiots, and they end up hungry and disappointed. I've heard enough of this drivel to last a lifetime. It's reached the point where I may start carrying around a squirt gun and shoot people in the eye when they say stuff like this.

Those are crap goals. Don't waste your time on them. And definitely don't say them within earshot of me. Setting such goals is the equivalent of walking into a

restaurant and proclaiming, "I'm hungry. I want some food."
