**Extraordinary Everyday Photography: Awaken Your Vision to Create Stunning Images Wherever You Are** By Brenda Tharp, Jed Manwaring

**Through accessible discussions and exercises, readers learn to use composition, available light, color, and point of view to create stunning photographs in any environment.**

Photographers are born travelers. They'll go any distance to capture the right light, beautiful landscapes, wildlife, and people. But exotic locales aren't necessary for interesting photographs. Wonderful images are hiding almost everywhere; you just need to know how to find them.

*Extraordinary Everyday Photography* will help you search beyond the surface to find the unexpected wherever you are, be it a downtown street, a local park, or your own front lawn. Authors Brenda Tharp and Jed Manwaring encourage amateur photographers to slow down, open their eyes, and respond to what they see to create compelling images that aren't overworked. Inspiring photo examples from the authors, taken with DSLRs, compact digital cameras, and even iPhones, show that it is the photographer's eye and creative vision--not the gear--that make a great image.
