Planet X, The Sign of the Son of Man, and the End of the Age By Doug Elwell

X marks the spot in the millennia-long quest to unlock the secrets of the Creation, Nativity and End-Times in Planet X, the Sign of the Son of Man, and the End of the Age. Written over a period of 22 years, Planet X represents literally decades of cutting-edge research into the Bible, ancient Near Eastern religion, and both ancient and modern astronomy. Planet X presents powerful and compelling evidence that the most critical events of the Bible the Creation of the heavens and Earth, the birth of Christ, and His Second Coming are all three bound together by the regular re-appearance of a mysterious tenth planet in our solar system. This mysterious planet, dubbed Planet X by modern astronomers who have been searching for it for over a century, is believed by some to be responsible for the creation of Earth in its present form. Planet X presents compelling evidence that this mysterious tenth planet was used by God to not only create the heavens and Earth, but also to herald the birth of Christ as the Star of Bethlehem, and to herald His return in the End-Times as the Sign of the Son of Man and the End of the Age.
