The Luminaries (Man Booker Prize) By Eleanor Catton

The bestselling, Man Booker Prize-winning novel hailed as "a true achievement. Catton has built a lively parody of a 19th-century novel, and in so doing created a novel for the 21st, something utterly new. The pages fly." -*New York Times Book Review*

It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky.

Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, *THE LUMINARIES* is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

Editorial Review

Review

"*The Luminaries* is a true achievement. Catton has built a lively parody of a 19th-century novel, and in so doing created a novel for the 21st, something utterly new. The pages fly, the great weight of the book shifting quickly from right hand to left, a world opening and closing in front of us, the human soul revealed in all its conflicted desperation. I mean glory. And as for the length, surely a book this good could never be too long." **Bill Roorbach, *New York Times Book Review***

"Catton provides descriptions of her characters that are meticulous and precise...The result is a finely wrought fun house of a novel. Enjoy the ride." **Chris Bohjalian, *Washington Post***

"Irresistible, masterful, compelling...*The Luminaries* has a gripping plot that is cleverly unravelled to its satisfying conclusion, a narrative that from the first page asserts that it is firmly in control of where it is taking us...[Catton is] a mistress of plot and pacing..." **The Telegraph (5-star review)**

"The type of novel that you will devour only to discover that you can't find anything of equal scope and excitement to read once you have finished...Do yourself a favour and read *The Luminaries*." **The Independent**

"Note-perfect... [Catton's] authority and verve are so impressive that she can seemingly take us anywhere; each time, we trust her to lead us back ... A remarkable accomplishment." **Globe and Mail**

"A very clever, absurdly fun novel that reads like a cross between a locked-room mystery, a spaghetti Western, a game of Sudoku, and *Edwin Drood*." **New York Magazine**

"To say that *The Luminaries* is daringly ambitious in its reach and scope doesn't really do it justice." **The Wall Street Journal**
