Editorial Review

From School Library Journal

Gr 4–8—Herk and his sister Sissy are recovering from their battles with the Lizzarks and their continued fight to take over control of Amphibopolis. Just when they think they are safe, the Lizzarks launch another full blown attack on the city. Along the way, Sissy does research on their long lost brother who may aid the Lizzarks in destroying Amphibopolis. TenNapel's signature art style is on full display here. His bold lines are contrasted with vast stretches of deep dark colors to create the ominous space world. The action sequences are chock full of monsters and explosions making this a perfect choice for reluctant readers. New readers may have a difficult time following along since there is little to no recap of the events of *Escape from the Lizzarks*. A cliffhanger leaves room for additional titles in the series.
