The Technology Coordinator's Handbook By Max Frazier, Gerald D. Bailey

The technology coordinator's job is in flux. Statewide certification programs are slowly being developed, but there's little general consensus on what this position should entail. Tech coordinators may handle a wide variety of complex tasks—from instructional support to network management to technology budgeting and planning—and need a comprehensive guide. This handbook provides precisely that: a detailed introduction to the roles and functions performed by tech coordinators, the key issues they face, and the basic skills and qualifications needed to fulfill their responsibilities. Written for both working tech coordinators and those preparing to enter the profession, this essential reference has been field-tested and validated to provide leaders with the information and resources they need to effectively manage school and district technology operations.

FEATURES

Comprehensive discussion of the technology coordinator's role in K-12 schools and districts

Examination of each of the essential skills and qualifications needed for technology leadership

Resources for professional development and certification, grant writing, and E-rate filing

Topics include:

- leadership
- network management
- technology planning
- technology director
- district-level
- professional development

Also available:

RSS for Educators: Blogs, Newsfeeds, Podcasts, and Wikis in the Classroom - ISBN 1564842398

Reinventing Project-Based Learning: Your Field Guide to Real-World Projects in the Digital Age - ISBN 156484238X

The International Society for Technology in Education (ISTE) is the trusted

source for professional development, knowledge generation, advocacy and leadership for innovation. ISTE is the premier membership association for educators and education leaders engaged in improving teaching and learning by advancing the effective use of technology in PK-12 and teacher education. Home of the National Educational Technology Standards (NETS), the Center for Applied Research in Educational Technology (CARET), and ISTE's annual conference (formerly known as the National Educational Computing Conference, or NECC), ISTE represents more than 100,000 professionals worldwide. We support our members with information, networking opportunities, and guidance as they face the challenge of transforming education.

Some of the areas in which we publish are:

- Web. 2.0 in the classroom-RSS, podcasts, and more
- National Educational Technology Standards (NETS)
- Professional development for educators and administrators
- Integrating technology into the classroom and curriculum
- Safe practices for the Internet and technology
- Educational technology for parents
