### Nikon D750: Beginner's Guide By John Sackelmore

The Nikon D750 was released on September 12, 2014 as a full frame DSLR camera. It is one of the many releases in the Nikon series of cameras that include improved technologies in a sleek and smaller body. The camera is best suited to perform advanced video tasks and capture photos at fast speeds. The unit has a tilted LCD screen and it considered to be one of Nikon's lightest cameras. The body is constructed to be lightweight yet packed with features that makes it a strong competitor in the camera market. This book seeks to guide the reader to the features of the camera and familiarize all users its options.
