### Editorial Review

From Library Journal

Despite Rousseau's prominence as a philosopher, writer, and political theorist, there is no standard edition in English of his major writings, many of which either have never been translated or are no longer available. It is significant, then, that the *Dialogues*, one of the least read of Rousseau's important works, should be selected as the initial volume in this new multivolume series of his works in translation. (The series, which will include *The Political System of Rousseau*, *Autobiography*, *Education*, *The Problem of Arts and Letters*, *The Problems of Politics*, and *Julie, or the New Heloise*, is organized by theme and subject rather than by chronology.) This excellent translation, preceded by an astute introduction that successfully relates the contents to Rousseau's life and thought, is significantly enhanced by a chronology, subsection headnotes, and helpful editorial notes. Along with the future volumes, this will be a major addition to Rousseau scholarship.

- *Anthony Caprio, Oglethorpe Univ., Atlanta, Ga.*

Review

"[The Rousseau series is] indispensable to Rousseau scholars and students of political theory. Now that we have it, we realize we cannot do without it. Its scholarship is a model, a monument, and a treasury." --

Harvey Mansfield, Jr., Harvard University
