33 Amazing Sex Positions That Every Couple Should Try To Spice Up Their Sex Life

Sex plays a significant part in most relationships, but how many couples explore more than a handful of positions? Or how many couples avoid some of the more common positions because they are “too ordinary” and “overused”? Don’t be afraid to try! The classics are classics for a reason, and sex in any position – not just new ones – should be pleasurable. Perhaps one or two of the positions do nothing for you. All the more reason to explore some others or revisit some old friends! Remember: variety adds spice just as much as new positions do! Sometimes classics are more fun than exploration! This book offers 33 positions varying in skill level, invasiveness, and commonality to bring some spice to the bedroom. They are designed to rekindle the romance in the classic positions, spread some spice with new positions, and explore your options when traditional sex isn’t possible.

Chapters include:

- The Classics: Never Overused
- Branching Out: Learn Something New
- Non-Penetrative: More than One Way to Have Sex

Whether you are looking to explore some positions you hadn’t considered before, reconnect with classic positions you haven’t given a proper chance, find alternative ways to have sex when penetration isn’t an option – or just an excuse

to spend a long weekend in bed! – you can find it here!
