Thief of Hearts By Tess Gerritsen

A classic story from a master storyteller

Reformed cat burglar Clea Rice has witnessed enough crime to put her on the straight and narrow. But little does she suspect that her search for justice will land her in the arms of a wealthy English gentleman.

As her attraction to Jordan Tavistock grows, so does the danger. Now her biggest concern isn't whether a cat burglar and a proper gentleman can find happiness...it's whether they'll survive long enough to find out.

"Tess Gerritsen writes some of the smartest, most compelling thrillers around."—Bookreporter

Editorial Review

About the Author

Sunday Times bestselling author Tess Gerritsen is one of the biggest names in crime fiction. A former doctor, Tess has now retired from medicine to write full-time. She and her family live in Maine.

Users Review

From reader reviews:

Louie Thompson:

As people who live in the modest era should be up-date about what going on or information even knowledge to make these keep up with the era and that is always change and make progress. Some of you maybe will update themselves by reading through books. It is a good choice for you but the problems coming to an individual is you don't know which you should start with. This Thief of Hearts is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and need in this era.

Thomas Whitaker:

People live in this new time of lifestyle always aim to and must have the free time or they will get lot of stress from both daily life and work. So , once we ask do people have spare time, we will say absolutely without a doubt. People is human not just a robot. Then we request again, what kind of activity are there when the spare time coming to anyone of course your answer may unlimited right. Then do you ever try this one, reading ebooks. It can be your alternative in spending your spare time, typically the book you have read is usually Thief of Hearts.

Ezra Talbott:

In this era globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of personal references to get information example: internet, newspapers, book, and soon. You will see that now, a lot of publisher this print many kinds of book. Typically the book that recommended to your account is Thief of Hearts this e-book consist a lot of the information in the condition of this world now. This book was represented how can the world has grown up. The vocabulary styles that writer require to explain it is easy to understand. The actual writer made some study when he makes this book. That is why this book acceptable all of you.

Christie Rich:

Do you like reading a publication? Confuse to looking for your preferred book? Or your book has been rare? Why so many problem for the book? But any kind of people feel that they enjoy for reading. Some people

likes studying, not only science book but in addition novel and Thief of Hearts or even others sources were given know-how for you. After you know how the fantastic a book, you feel would like to read more and more. Science guide was created for teacher as well as students especially. Those ebooks are helping them to add their knowledge. In other case, beside science reserve, any other book likes Thief of Hearts to make your spare time a lot more colorful. Many types of book like this one.
