The Harris's Hawk Revolution By Jennifer and Tom Coulson

The Harris's Hawk Revolution is the book that Jennifer and Tom Coulson have been working on for decades. This hard cover, full color book contains 20 chapters, 21 figures, 20 tables, and 661 pages. The hundreds of color photos include many action shots of hawks hunting cottontails, jackrabbits, roe deer, quail and chukar. "It is perhaps one of the best falconry books ever written. ... All falconers will find a great deal of information that will apply to their own falconry regardless of species." -Mike McDermott This "encyclopedia" contains everything you need to know to train and hunt with Harris's Hawks. Also provided are tips for socializing Harris's Hawks with other hawks, dogs and ferrets. This book is designed for all falconers who wish to improve their falconry. The falconry chapters cover: housing, diet, falconry equipment, selecting hawks, trapping, training, scouting, hunting methods and strategies, and hunting furred and feathered quarry. This book is an absolute must for breeders, with chapters on selective breeding, breeding methods, and breeding equipment. The natural history account for the species is updated and includes information throughout the species' global range. Other chapters cover medical issues in captive Harris's Hawks, and causes of death in raptors used for falconry and captive breeding.
