Your Thoughts Are Not Your Own: Mind control, mass manipulation and perception management By Neil Sanders

Mind Control is a documented fact. The control of the actions and emotions of an unsuspecting victim has been a reality since at least the 1950's. Drawing on declassified documents, interviews with the doctors' involved, scientific papers and mainstream media reports, *Your Thoughts Are Not Your Own* shows the origins, objectives and architects of mind control. *Your Thoughts Are Not Your Own* Volume One details the facts and disclosed evidence of mind control programmes and experimentation performed by governments and government agencies across the world. BLUEBIRD, ARTICHOKE, MK ULTRA, The Tavistock Institute, L.S.D., hypnosis, trauma, drug experimentation, Manchurian candidates, mind control victims, the use of children in mind control, school shootings, psychotronic devices, microwave weaponry, synthetic telepathy, the Phoenix Program and serial killers are all examined and a chilling picture is painted of the lengths that those in power will go to in order to achieve total control of the mind.
