This program is PATENT-PENDING and when the patent clears, it will be the first and only drug treatment program ever patented in the United States for meth and cocaine addiction. It will be the **ONLY DRUG TREATMENT PROGRAM** ever available in book form, making this completely anonymous treatment in the privacy of your own home. This book is the answer. Please read the back cover for true testimonies that were unsolicited and believe that there were hundreds more that came to the websites that sold the original program. Never a single email received saying that the program was unsuccessful or had any flaws, just positive reviews saying “thank-you” for the help. This program is new, this is current, and this will work for anyone who reads and follows the entire book. The track record is solid and valid and being tested further always, so please read on. How to Quit Meth Now! Is a self-help guide to kicking any Cocaine or Methamphetamine addiction. It’s an algorithm style drug treatment program that guarantees anyone who reads through the entire book and follows all of the instructions inside **WILL BE DRUG FREE** by the time they close the back cover and will have all of the tools to stay drug free for the rest of their life. Quit Meth Now! is the culmination of a 14 year study through trial and error that is the cure for drug addiction and takes the addict who is **CURRENTLY USING** meth or cocaine and teaches them how to first, let go and walk away, then teaches them how to self-detox with a 14 day program. The self-detox method uses several over-the-counter pharmaceuticals, vitamins, herbs and other products that reduce the withdrawal symptoms associated with drug addiction and treatment. During the process it teaches the addict several mind techniques that will help to counter all of the triggers that usually chase the addict back into relapse. Quit meth Now! is a cure and a final step that does not allow for relapse and ends the problem of addiction with simple mind games once the 14 day self-detox is complete. This is a full-service plan that attacks all of the spheres of influence that have been keeping the addict addicted for so long. Quit Meth Now! is the long awaited cure for addiction that will take the user on a long journey through all aspects of addiction and answer the questions of how, when and why they became addicted while also teaching them how to fix the problem permanently so that they can live a drug free lifestyle for the rest of their lives. This is the cure and this is the solution. This is a tried and true program in every sense and the QuitMeth

program has a 100% effective rate over the internet for the past 10 years, as we did our research to make sure that this book was the final step that cures addiction, once and for all. We have been hiding from the world to create this program and this book is written in a style that speaks directly to the reader and teaches the truth through philosophical belief that the cure is within you because the power to cure a drug addiction is you. This is not a faith-based program in that it speaks directly to the addict in real terms and doesn't pass-the-buck by asking the reader to trust a higher power. Religion is always on one's own terms and has nothing to do with drug addiction. If you or anyone you know wants to kick a drug addiction right now, once and for all, you NEED this book. This program is also designed in a way that will supply an addict who is not interested in quitting with enough subliminal information on how to quit, that they will most likely decide to quit anyway within 6 months to a year, if they read all of the material. This book digs deep into the mind and takes away the ability of an addict to say that they're addicted because there is no way to quit...Drug addiction is NOT a disease my friends...and time is relevant. Peace!
