**The SAGE Handbook of Organizational Institutionalism** From SAGE Publications Ltd

*"It is now three decades since the "new" institutionalism burst on the intellectual scene and a most appropriate time to take stock of missteps, accomplishments, and future directions. This theoretical thrust has revitalized many scholarly arenas across the social sciences, but none more so than organization studies. Royston Greenwood and his co-editors have assembled a stellar stable of scholars who collectively provide a comprehensive assessment of this vibrant field."*

?W. Richard Scott, Professor Emeritus, *Stanford University*

*"Institutional theory has become the dominant conversation in organization theory. In this volume many of its leading exponents show where it is going, what it can do and how it engages with related fields."*

?Stewart Clegg, *Aston Business School and University of Technology, Sydney*

*"This Handbook is "must reading" for any organization and management scholar. It provides a timely and comprehensive update of institutional theory and its relationships with other organization theories."*

?Andrew H. Van de Ven, Vernon Heath Professor of Organizational Innovation and Change, *Carlson School of Management, University of Minnesota*

Institutional theory lies at the heart of organizational theory, yet until now, no book has successfully taken stock of this important and wide ranging theoretical perspective.

With insight and clarity, the editors of this handbook have collected and arranged papers so the readers are provided with a map of the field and pointed in the direction of new and emerging themes. The academics who have contributed to this handbook are respected internationally and represent a cross section of expert organization theorists, sociologists and political scientists. Chapters are a rich mix of theory, how to conduct institutional organizational analysis and empirical work.

## **Editorial Review**

### **Review**

Institutional theory has become the dominant conversation in organization theory. In this volume many of its leading exponents show where it is going, what it can do and how it engages with related fields

**Stewart Clegg**

**Aston Business School and University of Technology, Sydney**

---

The SAGE Handbook of Organizational Institutionalism is a valuable addition to the collection of any academic interested in institutional theory...this is a well written, comprehensive account of current thinking on institutional theory. It is a powerful tool for those engaged in investigating the broader context in which organizations operate, and is of considerable value to those working with the theory. It will no doubt help to shape the debates and future research in this area for years to come

**Sociology**

---

This is a book much needed. Organizational institutionalism represents perhaps the most fascinating theoretical perspective in organization studies, one with a long and verable pedigree. This brilliant Handbook is impressive in its coverage, the framing of topics and the breadth of international scholars it brings together. The editors, all leading researchers into aspects of institutionalism, must be congratulated for producing such a marvellous volume

**Haridimos Tsoukas**

**The George D. Mavros Research Professor of Organization Theory, ALBA, Greece and Professor of Organization Studies, Warwick University, UK Editor-in-Chief, Organization Studies**

---

This is the big book on institutional theory we have all been waiting for, the one that will revitalize the field by connecting foundational themes to institutional dynamics. This book is not just a comprehensive handbook, but also a mother lode of new thinking across both familiar territory ( e.g., organizational fields, networks, the professions) and new provinces (e.g., transnationalization, identities, critical theory). Highly, highly recommended

**Martin Kilduff**

---

This superb volume is unique in both the thoroughness of coverage of the field of institutional theory as well as the outstanding quality of its contributions

**Danny Miller**

**HEC Montreal**

---

I shall be consulting this Handbook for many years to come. It is an invaluable source of reference on one of the most significant approaches to understanding how and why organizations behave as they do. By expertly reviewing both the development and current diversity of organizational institutionalism, this book leaves the reader in no doubt about the centrality and rich potential of the subject

**John Child**

**University of Birmingham, UK**

---

It is now three decades since the "new" institutionalism burst on the intellectual scene and a most appropriate time to take stock of missteps, accomplishments, and future directions. This theoretical thrust has revitalized many scholarly arenas across the social sciences, but none more so than organization studies. Royston Greenwood and his co-editors have assembled a stellar stable of scholars who collectively provide a comprehensive assessment of this vibrant field

**W. Richard Scott**

**Professor Emeritus**

Stanford University

---

This Handbook is 'must reading' for any organization and management scholar. It provides a timely and comprehensive update of institutional theory and its relationships with other organization theories. It's 34 chapters are written by leading American and European scholars and capture the rich variety of institutional perspectives

**Andrew H. Van de Ven**

**Vernon Heath Professor of Organizational Innovation and Change, Carlson School of Management,
