### Challenge Math For the Elementary and Middle School Student (Second Edition) By Edward Zaccaro

This book explains difficult math concepts in an easy to understand and entertaining format using cartoons and drawings. Children love the real world connections between math and science and will be challenged by over 1000 problems in areas such as algebra, astronomy, trigonometry, probability, and more. Answers are included in the back of the book. A great resource for those of any age who love math. Challenge Math is designed for children in grades 4-8 with higher math ability and interest but could be used by older students and adults as well. Contains 20 chapters with instruction and problems at three levels of difficulty. Challenge Math can be used by children independently or in a classroom setting. This edition not only contains answers, but it also contains step by step solutions to the problems.

### **Editorial Review**

#### **Review**

Challenge Math is a great resource for the worksheet discouraged and the mathematically curious. --*Home Education Magazine, Nov-Dec 2000*

#### **About the Author**

Ed is a popular presenter at math, homeschool and gifted education conferences around the country and has approached gifted education as a parent, teacher, and school board member. His students will testify to his ability to make math fun and challenging for them as well as his unique sense of humor which comes through in his classes and workshops. Ed has taught students of all ages and abilities since graduating from Oberlin College in 1974. He holds an Iowa teaching certificate with K-12 endorsement in Gifted Education and a Masters degree in Gifted Education from the University of Northern Iowa. Ed is the author of several books for mathematically gifted children.

### **Users Review**
