Aimed at both beginners and experts, the book showcases nearly 200 crystals and stones, describing their impact on human beings' physical, mental, emotional, and spiritual states. The book begins with historical background and practical considerations, such as how stones work and how to clean and recharge their energy. The relationship of stones to chakras is explored, as are practices such as channeling via certain powerful crystals. The heart of the book is an A to Z guide covering everything from amber to zoisite that explains which stones are most effective for particular medical conditions, emotional and energy blockages, and spiritual impasses.
