Editorial Review

Review

"Provides welcome discussion and guidance. This would be an excellent book for an introductory MFT law and ethics class, or for a clinician seeking to stay up to date on ethical issues. The breadth of topics covered would likely ensure that most readers would walk away with new information to consider. I anticipate that the book will be used widely, and rightfully so." - **Sean Davis, Ph.D, Alliant International University, in *Journal of Couple and Relationship Therapy***
